01 / ABOUT THE ARTIST

MELODY FIRST.

Singapore-born and Tokyo-based, You Liang is a DJ and producer creating piano-led house built around memorable melodies, emotional songwriting and deep grooves.

Grounded in formal sound-design training at Keio University, You Liang launched the artist project in 2023 with a core philosophy: melody and emotion first, rhythm and energy close behind.

More than 650 shows followed, built through two years of six-night-a-week Tokyo residencies before expanding across Asia and Europe, from monthly nights at WOMB and regular DJ appearances at ZEROTOKYO to festival stages and international showcases.

During the 2023 to mid-2026 ZEROTOKYO run, Resident Advisor listed You Liang among the venue's top three artists.

You Liang received the Pete Tong DJA Future Talent Award at IMS Ibiza 2025 and was named an Unsigned Only Music Awards EDM runner-up, with releases climbing iTunes and Beatport charts across multiple territories.

"Paving their own way in the dance scene, You Liang's genre-blending capabilities allow them to stand out from the rest."
